## MEASURE H AND MEASURE I BALLOT ARGUMENTS

When you or a loved one have a medical emergency, every second counts. These two ballot measures will prevent cuts or elimination of local life support ambulance service stationed in Weaverville and Hayfork – including two 24/7 ambulances for emergencies.

Our communities have relied upon Trinity County Life Support nearly 30 years – providing 911 Advanced Life Support and emergency services for Weaverville, Hayfork and the communities of Coffee Creek, Douglas City, Down River, Hyampom, Junction City, Lewiston, Trinity Center and Wildwood.

Trinity County Life Support receives 1,500 calls each year. That's 1,500 of our friends, neighbors and family who are in need. Sometimes it's a matter of life and death. Our communities can't afford to lose vital lifelines.

Measures H and I will prevent cuts or elimination of this local life support ambulance service – including two 24/7 ambulances for emergencies stationed in Weaverville and Hayfork.

That's why so many of us strongly support Measure H and Measure I.

We've all decided to live in Trinity County – one of the most beautiful places in California. Many of us can't imagine living anywhere else.

One challenge of living a rural life among this beauty is that in an emergency, help can be a long way away. That's why Measure H and Measure I are critical to our families and our communities.

Trained 911 responders with advanced life support supplies, equipment and ambulances are at the ready when you or your family are in your greatest need.

Unless we pass Measure H and Measure I, those local life support services will be gone. Help could end up being hours away.

Please join your friends, neighbors and community members in voting YES on Measure H and Measure I. At some point, it may save the life of someone you love.

CARRIE BAYLEY  
Hayfork, CEO Trinity County Fair Association

DERO FORSLUND  
Weaverville, Retired CAO Trinity County

DUNCAN MCINTOSH  
Junction City, Grange Master of the North Fork Grange
