

Trinity County Community Corrections Partnership
Executive Committee Meeting
September 26, 2011 Minutes

8am-10am

Trinity County Library

Conference Room

351 Main St.

Weaverville, CA 96093

Call to order at 8:06 am

In attendance: Terry Lee, Mike Harper, Linda Wright, James Woodward, Bruce Haney

Introduction by Terry with brief overview of 9/19/11 meeting and highlights from state training.

- Terry- Now moving forward, we need to develop a press release on AB 109 and the community meetings. Our priorities need to focus on the Pre-Trial release. Split sentencing option is available and it is about where they serve their sentence. We need to look at rehabilitation, not just incarceration. We need to look at this with faith and trust that the Evidence Based practices will make a difference. The challenge we face is that all of these programs require some infrastructure, which we do not have and will need to develop in most areas. This is why the multi-phase model looks to be the most promising and will provide time to build infrastructure and develop programs. The new Emergency Contingency Fund will help to cover any unforeseen costs. We can also look at expanding the work release/community service program and will need to have coordination between agencies and programs.
- Proposed changes on pg. 3, section 2, subsection A (remove reference to Probation/SO and change to team approach)
- Motion to bring to a vote, seconded and motion carried, 5 in favor, 0 opposed, 2 absent.
- Next meeting scheduled for the Pre-Trial Release Sub-Committee in the Jury Room on Monday October 24th at 8:00 am.

Closing at 8:57 am
