

Science on the River Douglas City

Winter Flow Variability

What we've learned about the influence of flow on river ecology

Join the Trinity River Restoration Program Flow Work Group coordinator Ken Lindke - California Department of Fish and Wildlife, for a presentation covering flow management past and present. The presentation will cover a history of flow management, preliminary results from Water Year (WY) '23 and recommendations for WY '24. The event will be held outdoors and seating is limited so please bring a lawn chair or blanket. Refreshments will be available for purchase.

Wednesday, September 6 @ 6pm
Indian Creek Lodge

59741 Hwy 299 West, Douglas City, CA
