## **SBA Offers Disaster Assistance to California Businesses and Residents Affected by the Helena Fire**

**SACRAMENTO, Calif.** – Low-interest federal disaster loans are available to California businesses and residents affected by the Helena Fire that began Aug. 30, 2017, announced Administrator Linda McMahon of the U.S. Small Business Administration. SBA acted under its own authority to declare a disaster in response to a request SBA received from Gov. Edmund G. Brown, Jr.'s designated representative, Mark S. Ghilarducci, director of the Governor's Office of Emergency Services, on Sept. 22, 2017.

The disaster declaration makes SBA assistance available in Humboldt, Mendocino, Shasta, Siskiyou, Tehama and Trinity counties.

"SBA is strongly committed to providing California with the most effective and customer-focused response possible, and we will be there to provide access to federal disaster loans to help finance recovery for businesses and residents affected by the disaster," said McMahon. "Getting our businesses and communities up and running after a disaster is our highest priority at SBA."

"Low-interest federal disaster loans are available to businesses of all sizes, most private nonprofit organizations, homeowners and renters whose property was damaged or destroyed by this disaster," said SBA's acting Sacramento District Director James Bryant. "Beginning Thursday, Sept. 28, SBA representatives will be on hand at the following Disaster Loan Outreach Center to answer questions about SBA's disaster loan program, explain the application process and help each individual complete their application," Bryant continued. The center will be open on the days and times indicated. No appointment is necessary.

Businesses of all sizes and private nonprofit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory and other business assets. SBA can also lend additional funds to businesses and homeowners to help with the cost of improvements to protect, prevent or minimize the same type of disaster damage from occurring in the future.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations of any size, SBA offers Economic Injury Disaster Loans to help meet working capital needs caused by the disaster. Economic injury assistance is available regardless of whether the business suffered any property damage.

Disaster loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace damaged or destroyed personal property.

Interest rates can be as low as 3.305 percent for businesses, 2.5 percent for private nonprofit organizations and 1.75 percent for homeowners and renters with terms up to 30 years. Loan amounts and terms are set by SBA and are based on each applicant's financial condition.
