

TO: The Honorable Anthony C. Edwards, Presiding Judge of the Superior Court

FROM: Trinity County Board of Supervisors

SUBJECT: Response to Recommendations of 2004-2005 Grand Jury Development and Environmental Committee Final Report — Department of Transportation

DATE: September 9, 2005

The Grand Jury Development and Environmental Committee has requested a written response to their final report on the Department of Transportation. The Trinity County Board of Supervisor's response is as follows:

Finding #1: The Development and Environmental Committee found that these departments complied with all requirements and recommendations that were required of them, to insure that all work was done on time and all codes were met. The Department of Transportation is going to amend the shoulder of the existing asphalt to bring it up the road level as times and funding permits.

Response: The Trinity County Board of Supervisors agrees with the finding.

Recommendation #1: Will be implemented. The recommendation to bring the old asphalt shoulder up to the new road level has been scheduled for completion by October 30, 2005.

RE: Response to Recommendations of 2004-2005 Grand Jury Development and Environmental Committee Final Report

DATE: June 6, 2005

The Grand Jury Development and Environmental Committee has requested a written response to their final report on the Department of Transportation. In my capacity as Director, my response is as follows:

Finding #1: The Development and Environmental Committee found that the Department of Transportation complied with all requirements and recommendations that were required of them, to insure that all work was done on time and all codes were met. The Department a Transportation is going to amend the shoulder of the existing asphalt to bring it up to the road level as time and funding permits.

Response: I agree with the committee's findings. I appreciate the Committee's comments recognizing the Department of Transportation's employees for their professional character and dedicated service to the County.

Recommendation #1: The Committee's recommendation to bring the old asphalt shoulder up to the new road level has been initialed and is ongoing between higher priority maintenance activities. It will be completed before the end of this construction/maintenance season which is October 30, 2005.
