Subject: FW: EXPEDITED Comments Requested

Bella,

The Forest Service has reviewed the request for Ms. Hensche. The only comments the Forest Service has are the following:
- all water being utilized from Buckhorn Creek are within her private property and no water will be utilized from National Forest System lands and;
- Ms. Hensche will need to apply for a Special Use Authorization from the Forest Service for the use of Forest Road 4N09.

RESOLUTION NO. 2020-02
A RESOLUTION OF THE PLANNING COMMISSION
OF THE COUNTY OF TRINITY
APPROVING CONDITIONAL USE PERMIT
(Henschke, P-19-18)

WHEREAS, the Planning Commission, on January, 9, 2020, held a public hearing and considered all written and oral comments regarding the request for approval of a Conditional Use Permit for a Single-Family Dwelling and Accessory Structure for the property located on at 10410 Forest Service Rd 4N09, Hyampom (Applicant: Monika Henschke, APN: 011-100-02-00); and

WHEREAS, all governmental and utility agencies affected by the development of the proposed project have been notified and given the opportunity to respond; and

WHEREAS, a public hearing held on January 9, 2020, was noticed in accordance with applicable laws; and

WHEREAS, the Planning Commission has considered the effects that approval of the proposed project, including the change to the zoning and the subdivision which they have concluded would have a beneficial effect on addressing the housing needs of Trinity County and has balanced these needs against the public service needs of residents, and available fiscal and environmental resources.

NOW, THEREFORE, BE IT RESOLVED that the Planning Commission of the County of Trinity make the following findings:

1. Makes the following environmental findings:
   A. The project is categorically exempt pursuant to Section 15303 (Class 3) of the CEQA Guidelines, exempting New Construction or Conversion of Small Structures.

2. Makes the following findings for the Use Permit:
   A. As conditioned, this Conditional Use Permit allows a land use entitlement (a single-family dwelling and accessory structures) that is an allowable use, a Use Permit, in the Timberland Production Zoning District (per TC Zoning Ordinance 315 § 14.1.C.). This use permit, if approved by the Planning Commission, will be granted upon sound principles of land use.

   B. As conditioned, this Conditional Use Permit will not be detrimental to the public health, safety or welfare, or if it results in the creation of a public nuisance.

   C. As conditioned, this Conditional Use Permit is consistent with the General Plan Designation (Resource) that the subject parcel is within. A single-family dwelling, when conditioned properly, is a supportive activity to Timberland Production.

3. Approved Conditional Use Permit P-19-18, subject to the conditions set forth in Exhibit A to this resolution and incorporated herein.

DULY PASSED AND ADOPTED this 9TH day of January, 2020 by the Planning Commission of the County of Trinity by motion of Commissioner , seconded by Commissioner , and the following vote:
