Subject: Request that the County continue Item 5 - Appeal of Planning Director's Decision (J. McPherson, P-20-17) to a future planning commission meeting.

Kim,

I would like to request that the County continue Item 5 - Appeal of Planning Director's Decision (J. McPherson, P-20-17) to a future planning commission meeting without prejudice to renewing the request for renewal. As I'm sure you are aware, there is a current and active public records request for a full and complete record of my license file. While my team was hopeful this information would be available before the Planning Commission Meeting on August 13, the County's legal council has requested an extension until August 27, 2020. Once my team has had a chance to thoroughly review the file provided under the public records request and compare their findings to your staff report, either I or my lawyer will follow up and reschedule the renewal hearing.
