Hoop-House
\$350.00 Temporary Permit for each Hoop-House

Trinity County allows “hoop-houses” exclusively for the production and storage of live plants.
Hoop-houses are considered a nonstructural unit, temporary in nature.

Requirements of each structure

1. A hoop-house may not exceed 100 feet long by 30 feet wide.
2. Each hoop-house must be 12 feet away from other hoop-houses and 6 feet away from permanent permitted structures.
3. The hoop-house must have a flame-resistant cover.
4. If a hoop-house is longer than 30 feet in length, it must have an Entrance/Exit at each end.
5. An "EXIT" sign must be posted at each exit.
6. Each hoop-house must have a 12-foot fire brake clearance around the perimeter of the structure.
7. A Class “A” portable fire extinguisher is required in each hoop-house (one at each end if the hoop-house exceeds 1,000 sq. ft.).
8. A “NO SMOKING” sign must be posted in each hoop-house.
9. No open or exposed flames are allowed in the hoop-house.
10. You shall comply with the California Fire Code.

Requirements of the Permit

1. You cannot store solvents, fertilizers, gases, heating units, cooling units, or other chemicals or flammable materials in the hoop-house.
2. No mechanical, electrical or plumbing devices used in or around the hoop-house.
3. Extension cords are NOT allowed.
4. Artificial lights are NOT allowed in the hoop-house.
5. The square footage of the hoop-house(s) cannot exceed the square footage of cultivation area for the type of license you have applied for.
6. The hoop-house is good for 180 days and must be removed at the end of the 180 day period.

Permit / Inspections

Each hoop-house requires a temporary Building Permit. When applying for a Building Permit you need to submit a Site Plan drawing that shows where each hoop-house is located on your parcel and the size of each hoop-house.

There will be two inspections done. One when the hoop-houses are installed, and one approximately 180 days later when the hoop houses are removed.

Violations of these Regulations

First Violation - A Notice of Violation is issued and you lose your ability to obtain and/or use temporary hoop-house permit(s). The hoop-house(s) on site must be removed immediately and you must submit for engineered greenhouse building permit(s).
